

Unazuki Meditation Pavillion

Unazuki, Japan

Where the old Unazuki Trail crosses the deep Kurobe River valley it is transformed into a suspended bridge that successively becomes a commerce bridge for heavy traffic.

The foundations of the old bridge permit the construction of this little labyrinth in which the path turns in upon itself to offer a long walk suspended over the valley.

Client: Unazuki City Hall
Location: Unazuki, Japan
Date: 1993
Typology: Cultural

Architect: Enric Miralles
Project directors: Enric Miralles
Design team: Eva Prats, Benedetta Tagliabue, Bettina Ginsberg, Josep Mias, Josep Ustrell, Machi-No-Kao in Arata Isozaki studio
